Subject Matter Expert March 2023 - Present
Chegg India

- I have been appointed as the Managed Network Expert for the subject of Advanced Mathematics. My key role is to provide solutions to the questions.

PROJECTS

My Portfolio. This is my personal portfolio made by me using JavaScript and ReactJs. I have included some animations and motions in this. ([Try it here](#))

Quiz App. This is a quiz app made using reactjs. It is much similar to Kaun Banega Crorepati. I have included a timer of 30 seconds, green buttons for the right answer, and red for the wrong ones. It checks the knowledge of the player as well. You can improve your general knowledge using this app. ([Try it here](#))

Weather Recognition Website. This weather recognition website handles all the weather conditions including temperature, humidity, cloudy, haze, hot, and many other factors. It is designed using HTML, CSS, and JavaScript. You can see the code ([here](#))

EXTRA-CURRICULAR ACTIVITIES

- I am an active member of my college Programming Club. Along with my teammates, I regularly organize Hackathons and contests in the College.
- I am a part of the college Sports Club and captain of the Table-Tennis team of the college.

LEADERSHIP

- I am the Table-tennis captain of my college.
- I have been the School House captain in my school and led many sports events.
