PROJECTS

My Portfolio, 5 Days

- http://snigdha2712.github.io/MyPortfolio
- The whole code can be seen at: https://github.com/Snigdha2712/MyPortfolio
- This is my personal portfolio made by me using JavaScript and ReactJs. I have included some animations and motions in this.
- This includes my Github, LinkedIn, and Instagram links

Quiz App, 5 Days

- http://snigdha2712.github.io/QuizApp
- The whole code can be seen at: https://github.com/Snigdha2712/QuizApp
- This is a quiz app made using reactjs. It is much similar to Kaun Banega Crorepati. I have included a timer of 30 seconds, green buttons for the right answer, and red for the wrong ones. It checks the knowledge of the player as well. You can improve your general knowledge using this app.

Weather recognition website, 2 Weeks

- https://github.com/Snigdha2712/Weather-recognition/tree/main/weather
- This weather recognition website handles all the weather conditions including temperature, humidity, cloudy, haze, hot, and many other factors. It is designed by me using HTML, CSS, and JavaScript.

EXTRA-CURRICULAR ACTIVITY

Clubs

I am an active member of my college Programming Club. Along with my teammates, I regularly organize Hackathons and contests in the College.
I am a part of the college Sports Club and a member of the Table-Tennis team of the college.

Creative Writing

I have always been a keen and enthusiastic learner. I have been the winner of my school's English Creative Writing Competition. I have represented my school at Zonal level too.
